— OBJECTIVE —

Aspiring Full Stack Developer pursuing MCA from CSJMU. Focused on building real-world web projects, mastering DSA, and becoming industry-ready for ₹6–8 LPA roles through off-campus placements.

— TECHNICAL SKILLS —

- ✓ Languages: HTML, CSS, JavaScript
- ✓ Tools: Git, GitHub, VS Code, Chrome DevTools
- ✓ Concepts: DOM Manipulation, Responsive Design, DSA (Basic), DBMS
- ✓ Platforms: LeetCode, GitHub, LinkedIn

— PROJECTS —

🌐 ****Portfolio Website**** – HTML/CSS based personal site to showcase profile and contact links.

🔄 ****Student Marks Manager**** – DOM-based mini app using localStorage for CRUD operations on student records.

☁ ****Weather App**** *(Coming Soon)* – API-based app using JavaScript to fetch live weather data.

— EDUCATION —

🎓 MCA (2025) – CSJMU, Kanpur

🎓 BSc (2022) – University Name

— DSA PRACTICE —

 LeetCode: 10+ problems solved (Daily streak ongoing)

 Topics: Binary Search, Arrays, 2-Pointer

— ACHIEVEMENTS —

 Strong consistency in strength training + teaching experience

 Building technical GitHub presence with real projects
